

ST THERESA'S CATHOLIC SCHOOL

2018 ANNUAL REPORT

"To live, learn and love with Jesus, being the best we can be."

PRINCIPAL'S & CHAIRPERSON'S COMMENTS

We have great pleasure in publishing the 2018 Annual Report for St Theresa's Catholic School.

St Theresa's Catholic School is a school of focused teachers who are passionate about children's learning and committed to self-reflection and professional development as a means of becoming more effective classroom practitioners so that every child is empowered to become a life-long learner.

The Board of Trustees is committed to providing the best possible learning environment through a well- resourced school, for children to grow and develop as faith filled people and life- long learners.

We are confident that together, Board and Staff will meet our strategic aims through our careful target setting and provision of support for children's individual learning needs.

KiwiSport Funding: In 2018, the school again utilized the KiwiSport funding to help subsidize the cost of expert Swim Skills Instructors, through 201/18. The decision was made to use the KiwiSport funding in this area of Physical Education, because of the location of our school on the coast and because of the school's commitment to helping our students grow into adults who are safe in and around water. We also used KiwiSport funding to cover cost associated with outside providers such as Softball, Tennis, Hockey and Bush Sprouts .
